BANQUET PLANNING

Planning a banquet for your special occasion is simple at Oriental Wok. Our exceptional food and renowned service has been recognized by many guests as a favorite through the years. Our family and expert staff are committed to helping you plan a wonderful event.

BUFFET OR TABLE SERVICE?

For parties of 40 or more a buffet is often the best option. Buffets offer timely service and variety for your guests. Many hosts like to offer appetizers to their guests before dinner begins. We have many popular appetizer choices that can be served as your event begins, perhaps along with an open or cash bar. Table service offers a more formal experience. When planning a table service banquet, three or four entrées are offered to the guests on custom menu cards. Your guests then select an entrée before dinner is served. Whether you choose a buffet or table service for your guests, your event will certainly be special at Oriental Wok.
